

Predictive Oncology Announces \$7.4 Million Registered Direct Offering Priced At-The-Market under Nasdaq Rules

February 11, 2021

MINNEAPOLIS, Feb. 10, 2021 (GLOBE NEWSWIRE) -- Predictive Oncology Inc. (NASDAQ: POAI) ("Predictive Oncology" or "the Company"), a knowledge-driven company focused on applying artificial intelligence ("AI") to personalized medicine and drug discovery, today announced that it has entered into definitive agreements with several institutional and accredited investors for the issuance and sale of an aggregate of approximately 4,222,288 shares of its common stock, at a purchase price of \$1.75 per share, for gross proceeds of approximately \$7.4 million in a registered direct offering priced at-the-market under Nasdaq rules. Predictive Oncology has also agreed to issue to the investors unregistered warrants to purchase up to an aggregate of approximately 2,111,114 shares of common stock. The closing of the offering is expected to occur on or about February 16, 2021, subject to the satisfaction of customary closing conditions.

H.C. Wainwright & Co. is acting as the exclusive placement agent for the offering.

The warrants have an exercise price equal to \$2.00 per share, are exercisable immediately upon issuance and will expire five and one-half years from the issuance date.

The Company currently intends to use the net proceeds from the offering for working capital purposes.

The shares of common stock described above are being offered and sold by the Company in a registered direct offering pursuant to a "shelf" registration statement on Form S-3 (Registration No. 333-234073), including a base prospectus previously filed with the Securities and Exchange Commission (the "SEC") on October 3, 2019 and became effective on December 19, 2019. The offering of the shares of common stock will be made only by means of a prospectus supplement that forms a part of the registration statement. A final prospectus supplement and base prospectus relating to the registered direct offering will be filed with the SEC and will be available on the SEC's website located at <http://www.sec.gov>. Electronic copies of the prospectus supplement and the accompanying base prospectus may also be obtained by contacting H.C. Wainwright & Co., LLC at 430 Park Avenue, 3rd Floor, New York, NY 10022, by phone at 646-975-6996 or e-mail at placements@hcwco.com.

The warrants described above were offered in a private placement under Section 4(a)(2) of the Securities Act of 1933, as amended (the "Act"), and Regulation D promulgated thereunder and, along with the shares of common stock underlying the warrants, have not been registered under the Act, or applicable state securities laws. Accordingly, the warrants and the underlying shares of common stock may not be offered or sold in the United States except pursuant to an effective registration statement or an applicable exemption from the registration requirements of the Act and such applicable state securities laws.

This press release shall not constitute an offer to sell or the solicitation of an offer to buy, nor shall there be any sale of these securities in any state or jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such state or jurisdiction.

About Predictive Oncology Inc.

Predictive Oncology (NASDAQ: POAI) operates through three segments (Skyline, Helomics and Soluble Biotech), which contain four subsidiaries: Helomics, TumorGenesis, Skyline Medical and Soluble Biotech.

Helomics applies artificial intelligence to its rich data gathered from patient tumors to both personalize cancer therapies for patients and drive the development of new targeted therapies in collaborations with pharmaceutical companies. TumorGenesis Inc. specializes in media that help cancer cells grow and retain their DNA/RNA and proteomic signatures, providing researchers with a tool to expand and study cancer cell types found in tumors of the blood and organ systems of all mammals, including humans. Skyline Medical markets its patented and FDA cleared STREAMWAY System, which automates the collection, measurement and disposal of waste fluid, including blood, irrigation fluid and others, within a medical facility, through both domestic and international divisions. Soluble Biotech is a provider of soluble and stable formulations for proteins including vaccines, antibodies, large and small proteins and protein complexes.
